ABOUT CTIL

CENTRE FOR TRADE AND INVESTMENT LAW

Creating Ideas for Better Trade Policy

(Established by the Ministry of Commerce and Industry, Government of India)

The Centre for Trade and Investment Law (CTIL) was established in the year 2016 by the Ministry of Commerce and Industry, Government of India, at the Indian Institute of Foreign Trade (IIFT). The Centre's primary objective is to provide sound and rigorous analysis of legal issues pertaining to international trade and investment law to the Government of India and other governmental agencies. The Centre is aiming to create a dedicated pool of legal experts who could provide technical inputs for enhancing India's participation in international trade and investment negotiations and dispute settlement. The Centre also aims to be a thought leader in the various domains of international economic law such as WTO law, international investment law and legal issues relating to economic integration.

MISSION

It is CTIL's mission to identify, analyse and provide creative ideas and perspectives to influence the international discourse on wide ranging aspects of international economic law. The Centre engages on a regular basis with different stakeholders including central and state governments, think-tanks, research centres, national law schools and other institutions rendering legal education in international economic law, independent legal professionals, industry organizations and the private sector. The Centre is also conceived as a ready repository of trade and investment related information including updates on ongoing trade negotiations and disputes.

ABOUT DNLU

Dharmashastra National Law University, Jabalpur (M.P.) 'DNLU' India is one of the leading and premier law institutes imparting legal education and research. The University was established in the year 2018 by Madhya Pradesh Dharmashastra National Law University Act 24 of 2018, with the object of advancing the cause of legal education and achieving excellence as a university for imparting value-based legal education. The university emphasizes advocacy skills with professional ethics by providing suitable simulation exercises. The Hon'ble Chief Justice of Madhya Pradesh High Court is the Chancellor of the University.

THE CENTRE FOR LAW AND ECONOMICS

The Centre for Law and Economics (CLE), established under the aegis of Dharmashastra National Law University, Jabalpur (M.P), aims to promote research in the intertwined fields of Law and Economics, understanding the critical interdependence between the state of the economy and economic laws. CLE's mission is to advance the study of Law and Economics by providing a robust framework of laws and regulations that protect the economic system and accommodate the country's economic aspirations. It is the economic models and tools that help in economic analysis of law.

By integrating economic analysis into legal frameworks, CLE aims to create efficient, fair, and sustainable laws that govern economic activities. The Centre ensures the legal system protects economic interests and adapts to the dynamic needs of the economy. Through research, policy advocacy, and educational initiatives, CLE strives to shape a robust legal and economic environment that supports the nation's growth and development aspirations.

ABOUT THE CONFERENCE

In the contemporary swiftly changing global environment, the confluence of Law, Economics, and Artificial Intelligence (AI) takes center stage in driving innovation and change across various sectors. The Interdisciplinary Conference on Law, Economics, and AI, meticulously organized by Centre for Law & Economics, Dharmashastra National Law University, Jabalpur (DNLU) in collaboration with Centre for Trade and Investment Law (CTIL), Ministry of Commerce and Industry, Government of India represents an innovative platform poised to explore, analyze, and innovate within this dynamic intersection.

Fundamentally, this conference acts as a hub for scholars, practitioners, policymakers, and industry leaders to come together, share insights, and collectively shape the future landscape. With a thematic scope covering agriculture, healthcare, banking, trade, education, judiciary, and more, the conference provides a broad canvas for discussion and discovery.

In the agricultural sector, discussions revolve around how AI can revolutionize precision farming, enhance yields, and transform the agricultural domain. Legal frameworks intersect with economic considerations, grappling with issues like data ownership, intellectual property, and fair access. Moving to healthcare, AI's integration signals a fundamental shift in healthcare delivery, from diagnosis to treatment optimization and drug discovery.

The conference's objectives include fostering interdisciplinary dialogue, showcasing innovative research, and proposing technology-driven solutions, aiming to generate actionable insights and policy recommendations extending beyond academia's borders. Through collaboration and co-creation, the conference seeks to pave a path where law, economics, and AI synergize to build a more equitable, sustainable, and inclusive future.

CONFERENCE THEME

Law-Economics & Artificial Intelligence

Centre for Law & Economics of Dharmashastra National Law University, Jabalpur (Madhya Pradesh) in collaboration with Centre for Trade and Investment Law (CTIL), Ministry of Commerce and Industry, Government of India proudly announces its Two Day Interdisciplinary International Conference on “Law Economics & Artificial Intelligence”.
